Post Communication about Updated Timeline for Cures Act EVV Expansion by June 18

Background:

In the May 27 EVV Payer Workgroup, MCOs requested notification of when the HHS Cures Act EVV website is updated with new information about the timeline for implementing the EVV requirement for all Medicaid personal care services.

Key Details:

The website is updated as of May 29 and the timeline now includes new information and resources about the EVV Practice Period, completing training requirements, and preparing to submit managed care EVV claims to TMHP.

Action:

MCOs should post the attached communication to the appropriate areas of their website **by June 18**.
