Cigna CarePlan (Medicare-Medicaid Plan) | 2022 List of Covered Drugs (Formulary)

Introduction

This document is called the *List of Covered Drugs* (also known as the Drug List). It tells you which prescription drugs and over-the-counter drugs and items are covered by Cigna CarePlan. The Drug List also tells you if there are any special rules or restrictions on any drugs covered by Cigna CarePlan. Key terms and their definitions appear in the last chapter of the *Member Handbook*.

Updated on 08/18/2021. For more recent information or other questions, contact us at 1-877-653-0327 (TTY: 7-1-1), 7 days a week, 8 a.m. to 8 p.m. Central Time or visit careplantx.cigna.com.

A. Disclaimers

This is a list of drugs that Members can get in Cigna CarePlan.

- ▶ All Cigna products and services are provided exclusively by or through operating subsidiaries of Cigna Corporation, including HealthSpring Life & Health Insurance Company, Inc. The Cigna name, logos, and other Cigna marks are owned by Cigna Intellectual Property, Inc.
- ▶ Cigna CarePlan is a health plan that contracts with both Medicare and Texas Medicaid to provide benefits of both programs to enrollees.
- ▶ For information on Cigna CarePlan and other options for your health care, call MAXIMUS at 1-800-964-2777, Monday to Friday, 8 a.m. to 6 p.m. Central Time. TTY users should call 1-800-735-2989.
- ▶ For information on the coverage of mosquito repellent products for the prevention of Zika virus, and applicable restrictions, please visit careplantx.cigna.com.
- ▶ Express Scripts Pharmacy is a trademark of Express Scripts Strategic Development, Inc.
- ▶ ATTENTION: If you speak English, language assistance services, free of charge, are available to you. Call 1-877-653-0327 (TTY: 7-1-1), 7 days a week, 8 a.m. to 8 p.m. Central Time. The call is free. Si habla español, tiene a su disposición servicios gratuitos de asistencia lingüística. Llame al 1-877-653-0327 (TTY: 7-1-1), los 7 días de la semana, de 8 a.m. a 8 p.m., hora del Centro. La llamada es gratuita.
- ▶ You can get this document for free in other formats, such as large print, braille, or audio. Call 1-877-653-0327 (TTY: 7-1-1), 7 days a week, 8 a.m. to 8 p.m. Central Time. The call is free.
- ▶ We will update your personal record and maintain your preferred language or format as a standing request. In the future, when you call Member Services, we will verify this information. You may ask us to update it at any time.

If you have questions, please call Cigna CarePlan at 1-877-653-0327 (TTY: 7-1-1), 7 days a week, 8 a.m. to 8 p.m. Central Time. The call is free. **For more information**, visit careplantx.cigna.com.

B. Frequently Asked Questions (FAQ)

Find answers here to questions you have about this *List of Covered Drugs*. You can read all of the FAQ to learn more or look for a question and answer.

B1. What prescription drugs are on the *List of Covered Drugs*? (We call the *List of Covered Drugs* the “Drug List” for short.)

The drugs on the *List of Covered Drugs* that starts on page **13** are the drugs covered by Cigna CarePlan. These drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

- ▶ Cigna CarePlan will cover all medically necessary drugs on the Drug List if:
 - your doctor or other prescriber says you need them to get better or stay healthy, **and**
 - you fill the prescription at a Cigna CarePlan network pharmacy.
- ▶ Cigna CarePlan may have additional steps to access certain drugs (see question B4 below).

You can also see an up-to-date list of drugs that we cover on our website at [careplantx.cigna.com](https://www.careplantx.cigna.com) or call Member Services at 1-877-653-0327 (TTY: 7-1-1), 7 days a week, 8 a.m. to 8 p.m. Central Time.

B2. Does the Drug List ever change?

Yes, and Cigna CarePlan must follow Medicare and Texas Medicaid rules when making changes. We may add or remove drugs on the Drug List during the year.

We may also change our rules about drugs. For example, we could:

- ▶ Decide to require or not require prior approval for a drug. (Prior approval is permission from Cigna CarePlan before you can get a drug.)
- ▶ Add or change the amount of a drug you can get (called quantity limits).
- ▶ Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we will cover another drug.)

For more information on these drug rules, see question B4.

If you are taking a Medicare Part D drug that was covered at the **beginning** of the year, we will generally not remove or change coverage of that drug **during the rest of the year** unless:

- ▶ a new, cheaper drug comes on the market that works as well as a drug on the Drug List now, **or**
- ▶ we learn that a drug is not safe, **or**
- ▶ a drug is removed from the market.

Questions B3 and B6 below have more information on what happens when the Drug List changes.

- ▶ You can always check Cigna CarePlan's up-to-date Drug List online at careplantx.cigna.com.
- ▶ You can also call Member Services to check the current Drug List at 1-877-653-0327 (TTY: 7-1-1), 7 days a week, 8 a.m. to 8 p.m. Central Time.

B3. What happens when there is a change to the Drug List?

Some changes to the Drug List will happen **immediately**. For example:

- ▶ **A new generic drug becomes available.** Sometimes, a new generic drug comes on the market that works as well as a brand name drug on the Drug List now. When that happens, we may remove the brand name drug and add the new generic drug, but your cost for the new drug will stay the same. When we add the new generic drug, we may also decide to keep the brand name drug on the list but change its coverage rules or limits.
 - We may not tell you before we make this change, but we will send you information about the specific change we made once it happens.
 - You or your provider can ask for an exception from these changes. We will send you a notice with the steps you can take to ask for an exception. Please see question B10 for more information on exceptions.
- ▶ **A drug is taken off the market.** If the Food and Drug Administration (FDA) says a drug you are taking is not safe or the drug's manufacturer takes a drug off the market, we will take it off the Drug List. If you are taking the drug, we will let you know. If you are notified that your drug is being removed, you should contact your provider to get a new prescription.

We may make other changes that affect the drugs you take. We will tell you in advance about these other changes to the Drug List. These changes might happen if:

- ▶ The FDA provides new guidance or there are new clinical guidelines about a drug.
- ▶ We add a generic drug that is not new to the market **and**
 - Replace a brand name drug currently on the Drug List **or**
 - Change the coverage rules or limits for the brand name drug.

When these changes happen, we will:

- ▶ Tell you at least 30 days before we make the change to the Drug List, **or**
- ▶ Let you know and give you a 30-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor or other prescriber. He or she can help you decide:

- ▶ If there is a similar drug on the Drug List you can take instead, **or**
- ▶ Whether to ask for an exception from these changes. To learn more about exceptions, see question B10.

B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases, you or your doctor or other prescriber must do something before you can get the drug. For example:

- ▶ **Prior approval (or prior authorization):** For some drugs, you or your doctor or other prescriber must get approval from Cigna CarePlan before you fill your prescription. Cigna CarePlan may not cover the drug if you do not get approval.
- ▶ **Quantity limits:** Sometimes Cigna CarePlan limits the amount of a drug you can get.
- ▶ **Step therapy:** Sometimes Cigna CarePlan requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your doctor thinks the first drug doesn't work for you, then we will cover the second.

- ▶ **Indication-based coverage:** If Cigna CarePlan covers a drug only for some medical conditions, we clearly identify it on the Drug List along with the specific medical conditions that are covered.

You can find out if your drug has any additional requirements or limits by looking in the tables on pages **13-129**. You can also get more information by visiting our website at careplantx.cigna.com. We have posted online documents that explain our prior authorization restriction and step therapy restrictions. You may also ask us to send you a copy.

You can ask for an exception from these limits. This will give you time to talk to your doctor or other prescriber. He or she can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception. Please see questions B10–B12 for more information about exceptions.

B5. How will you know if the drug you want has limits or if there are required actions to take to get the drug?

The *List of Covered Drugs* on page **13** has a column labeled “Necessary actions, restrictions, or limits on use.”

B6. What happens if we change our rules about some drugs (for example, prior authorization [approval], quantity limits, and/or step therapy restrictions)?

In some cases, we tell you in advance if we add or change prior approval, quantity limits, and/or step therapy restrictions on a drug. See question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the Drug List change.

B7. How can you find a drug on the Drug List?

There are two ways to find a drug:

- ▶ You can search alphabetically (if you know how to spell the drug), **or**
- ▶ You can search by medical condition.

To search **alphabetically**, go to the Index of Covered Drugs section. You can find it on page **130**. This section has a list of all the drugs in this book. The drug names are in the first column of the list with the page number across from each name.

To search **by medical condition**, find the section labeled “List of drugs by medical condition” on page **13**. The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example,

if you have a heart condition, you should look in the category Cardiovascular Agents. That is where you will find drugs that treat heart conditions.

B8. What if the drug you want to take is not on the Drug List?

If you don't see your drug on the Drug List, call Member Services at <toll-free number> and ask about it. If you learn that Cigna CarePlan will not cover the drug, you can do one of these things:

- ▶ Ask Member Services for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. He or she can prescribe a drug on the Drug List that is like the one you want to take. **Or**
- ▶ You can ask the health plan to make an exception to cover your drug. Please see questions B10-B12 for more information about exceptions.

B9. What if you are a new Cigna CarePlan Member and can't find your drug on the Drug List or have a problem getting your drug?

We can help. We may cover a temporary 30-day supply (or 31 days if you live in a long-term care facility) of your drug during the first 90 days you are a Member of Cigna CarePlan. This will give you time to talk to your doctor or other prescriber. He or she can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception.

If your prescription is written for fewer days, we will allow multiple refills to provide up to a maximum of 30 days of medication (or 31 days if you live in a long-term care facility).

We will cover a 30-day supply of your drug if:

- ▶ you are taking a drug that is not on our Drug List, **or**
- ▶ health plan rules do not let you get the amount ordered by your prescriber, **or**
- ▶ the drug requires prior approval by Cigna CarePlan, **or**
- ▶ you are taking a drug that is part of a step therapy restriction.

If you are in a nursing home or other long-term care facility and need a drug that is not on the Drug List or if you cannot easily get the drug you need, we can help. If you have been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

- ▶ We will cover one 31-day supply of the drug you need (unless you have a prescription for fewer days), whether or not you are a new Cigna CarePlan Member.

- ▶ This is in addition to the temporary supply during the first 90 days you are a Member of Cigna CarePlan.

We will cover a temporary 30-day supply of your drug if an unexpected move happens. For example, if you are released from the hospital to go home or to a nursing home and you are not able to get your medication.

B10. Can you ask for an exception to cover your drug?

Yes. You can ask Cigna CarePlan to make an exception to cover a drug that is not on the Drug List.

You can also ask us to change the rules on your drug.

- ▶ For example, Cigna CarePlan may limit the amount of a drug we will cover. If your drug has a limit, you can ask us to change the limit and cover more.
- ▶ Other examples: You can ask us to drop step therapy restrictions or prior approval requirements.

B11. How can you ask for an exception?

To ask for an exception, call Member Services. A Member Services representative will work with you and your provider to help you ask for an exception. You can also read Chapter 9 of the *Member Handbook* to learn more about exceptions.

B12. How long does it take to get an exception?

First, we must get a statement from your prescriber supporting your request for an exception. After we get the statement, we will give you a decision on your exception request within 72 hours.

If you or your prescriber thinks your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we will give you a decision within 24 hours of getting your prescriber's supporting statement.

B13. What are generic drugs?

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA).

Cigna CarePlan covers both brand name drugs and generic drugs.

B14. What are OTC drugs?

OTC stands for “over-the-counter.” Cigna CarePlan covers some OTC drugs when they are written as prescriptions by your provider.

You can read the Cigna CarePlan Drug List to see what OTC drugs are covered.

B15. Does Cigna CarePlan cover non-drug OTC products?

Cigna CarePlan covers some non-drug OTC products when they are written as prescriptions by your provider.

Examples of non-drug OTC products include aspirin, some vitamins, and nicotine-containing products such as nicotine patches, gum, and lozenges to help stop smoking.

You can read the Cigna CarePlan Drug List to see what non-drug OTC products are covered.

B16. What is your copay?

As a Cigna CarePlan Member, you have no copays for prescription and OTC drugs as long as you follow Cigna CarePlan’s rules.

B17. What are drug tiers?

Tiers are groups of drugs on our Drug List. All tiers have no copay.

- ▶ Tier 1 drugs are generic drugs.
- ▶ Tier 2 drugs are brand name drugs.

C. Overview of the *List of Covered Drugs*

The following list of covered drugs gives you information about the drugs covered by Cigna CarePlan. If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins on page **13**. The index alphabetically lists all drugs covered by Cigna CarePlan.

The first column of the chart lists the name of the drug. Brand name drugs are capitalized (e.g., TRELEGY ELLIPTA) and generic drugs are listed in lowercase italic (e.g., *candesartan*).

The information in the “Necessary actions, restrictions, or limits on use” column tells you if Cigna CarePlan has any rules for covering your drug.

Abbreviation	Explanation
LA (Limited Availability)	This drug may be available only at certain pharmacies.
B/D (Part B/Part D)	This drug might be covered under Medicare Part B instead of Medicare Part D. More information might be needed for Cigna CarePlan to decide which plan should cover it.
PA (Prior Authorization)	This drug requires prior authorization.
QL (Quantity Limits)	This drug has quantity limits.
ST (Step Therapy)	This drug has step therapy requirements.
MC (Medicaid Covered)	MC Non-Part D Drugs or OTC items that are covered by Texas Medicaid.
NDS (Non-Extended Day Supply)	This drug is only available as a 30-day supply or less. For certain drugs, Cigna CarePlan limits the amount of the drug that Cigna CarePlan will cover to only a 30-day supply or less at one time. For example, Members who have not had any recent fill of opioid pain medications within the past 120 days (referred to as “opioid naïve”) are limited to a maximum of 7 days’ supply of opioid pain medication. Members who have received a recent fill of an opioid pain medication (not opioid naïve) are limited to up to a month’s supply at one time.

Note: The “MC” next to a drug means the drug is not a “Part D drug.” The amount you pay when you fill a prescription for this drug does not count toward your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage).

- › In addition, if you are getting Extra Help to pay for your prescriptions, you will not get any Extra Help to pay for these drugs. For more information on Extra Help, please see the call-out box below.

Extra Help is a Medicare program that helps people with limited incomes and resources reduce Medicare Part D prescription drug costs, such as premiums, deductibles, and copays. Extra Help is also called the “Low-Income Subsidy,” or “LIS.”

- › These drugs also have different rules for appeals. An appeal is a formal way of asking us to review a coverage decision and to change it if you think we made a mistake. For example, we might decide that a drug that you want is not covered or is no longer covered by Medicare or Texas Medicaid.
- › If you or your doctor disagrees with our decision, you can appeal. To ask for instructions on how to appeal, call Member Services at 1-877-653-0327 (TTY: 7-1-1), 7 days a week, 8 a.m. to 8 p.m. Central Time. You can also read Chapter 9 of the *Member Handbook* to learn how to appeal a decision.

C1. Drugs Grouped by Medical Condition

The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category Cardiovascular Agents. That is where you will find drugs that treat heart conditions.

Name of drug	What the drug will cost you (tier level)	Necessary actions, restrictions, or limits on use
ANTI-INFECTIVES (DRUGS THAT TREAT INFECTIONS)		
ANTIFUNGAL AGENTS		
ABELCET	0 (Tier 2)	PA
AMBISOME	0 (Tier 2)	PA; NDS
<i>amphotericin b</i>	0 (Tier 1)	PA
<i>caspofungin</i>	0 (Tier 1)	PA; NDS
<i>clotrimazole mucous membrane</i>	0 (Tier 1)	
CRESEMBA ORAL	0 (Tier 2)	NDS
<i>fluconazole</i>	0 (Tier 1)	
<i>fluconazole in nacl (iso-osm) intravenous piggyback 200 mg/100 ml, 400 mg/200 ml</i>	0 (Tier 1)	PA
<i>flucytosine</i>	0 (Tier 1)	NDS
<i>griseofulvin microsize</i>	0 (Tier 1)	
<i>griseofulvin ultramicrosize</i>	0 (Tier 1)	
<i>itraconazole oral capsule</i>	0 (Tier 1)	QL (120 EA per 30 days)
<i>itraconazole oral solution</i>	0 (Tier 1)	
<i>ketoconazole oral</i>	0 (Tier 1)	
<i>micafungin</i>	0 (Tier 1)	NDS
<i>nystatin oral</i>	0 (Tier 1)	
<i>posaconazole oral tablet, delayed release (dr/ec)</i>	0 (Tier 1)	QL (96 EA per 30 days); NDS
<i>terbinafine hcl oral</i>	0 (Tier 1)	
<i>voriconazole intravenous</i>	0 (Tier 1)	PA; NDS
<i>voriconazole oral suspension for reconstitution</i>	0 (Tier 1)	NDS
<i>voriconazole oral tablet</i>	0 (Tier 1)	
ANTIVIRALS		
<i>abacavir oral solution</i>	0 (Tier 1)	QL (960 ML per 30 days)
<i>abacavir oral tablet</i>	0 (Tier 1)	QL (60 EA per 30 days)
<i>abacavir-lamivudine</i>	0 (Tier 1)	QL (30 EA per 30 days)
<i>abacavir-lamivudine-zidovudine</i>	0 (Tier 1)	QL (60 EA per 30 days); NDS
<i>acyclovir oral capsule</i>	0 (Tier 1)	
<i>acyclovir oral suspension 200 mg/5 ml</i>	0 (Tier 1)	
<i>acyclovir oral tablet</i>	0 (Tier 1)	

Key: **QL** = Quantity Limits listed as (qty/days); **PA** = Prior Authorization may be required; **ST** = Step Therapy rules apply; **B/D** = Drug covered under Medicare Part B or Part D; **NDS** = Non-Extended Day Supply; **MC** = Non-Part D Drugs, or OTC items that are covered by Texas Medicaid; **LA** = Limited Availability (may only be available at certain pharmacies). Generally, all medications in the drug list are available through mail order, except when special circumstances or situations prohibit mailing a particular medication to your home.

Name of drug	What the drug will cost you (tier level)	Necessary actions, restrictions, or limits on use
<i>acyclovir sodium intravenous solution</i>	0 (Tier 1)	B/D PA
